THE UNIVERSITY OF ALBERTA STAFF BULLETIN

EDMONTON 7, ALBERTA

NOVEMBER 13, 1969

## FACULTY OF MEDICINE TO PROVIDE NORTHERN HEALTH CARE

The Faculty of Medicine is participating in a program to provide improved medical care to the residents of communities in the western third of the Northwest Territories.

Under an agreement signed with the Department of National Health and Welfare, Medical Services, staff and senior students will work on a rotation basis in both hospitals and remote areas. The agreement is essentially an extension and formalization of a program in which members of the Faculty have been visiting the North over the past four years.

The program will have direct educational benefits for the Faculty of Medicine, according to L. C. GRISDALE, Assistant Dean. It will improve undergraduate and graduate training programs by allowing students participate in frontier medicine and will provide an opportunity for students and staff to carry out research in the northern health field.

G. C. BUTLER, Regional Director, Northern Region, Department of National Health and Welfare, foresees two main areas of benefit to Northern Medical Services, in that the program will seek the highest feasible quality of health care for the area and will stimulate research into matters effecting the health of the residents.

The work projected for the Inuvik Hospital is typical of the program as a whole. The University will arrange for senior resident doctors in various disciplines to rotate through the hospital at approximately one-month intervals. During that time the resident will participate in the care of hospitalized patients in his field, in the hospital's out-patient department program, and, if requested, in educational programs for the hospital staff. A member of the Faculty of Medicine will visit the hospital during the latter part of the resident's rotation and consult with the hospital staff and the resident on problem cases. The faculty member also will participate in education programs and tour outstations.

Students also may carry out surveys and other studies for longer periods of time.

The program will be financed by the federal government.

## DIRECTOR OF HOUSING AND FOOD SERVICES RESIGNS

D. A. BONE, Director of Housing and Food Services has resigned as of December 27 to accept the position of Director of Administration at Carleton University.

Originally from the north of England, Mr. Bone obtained a B.A. from The University of Alberta and undertook postgraduate work here in industrial psychology. He joined the University administration as Assistant Personnel Officer in 1965 and in 1966 he became Director of Housing and Food Services.

Mr. Bone has come to be regarded as a leading figure in the area of university housing and food services in Canada. The residences at The University of Alberta have become models for many other universities in Canada and the United States, and a mixed residence, Mackenzie Hall, and a married student housing development, Michener Park, have been introduced with considerable success to the campus.

The University now is seeking someone to succeed Mr. Bone, and persons interested in the position of Director of Housing and Food Services should notify L. C. LEITCH, Associate Vice-President (Finance and Administration).

Mr. Bone

## CONSTRUCTION REPORT

Despite a rainy (and snowy) early autumn, University construction has proceeded pretty much on schedule, according to the monthly progress report of the Campus Development Office. As of October 15, twenty-one projects were under way on the campus, many of them very near completion,

and seventeen projects were listed in planning stages. A summary of the report is given below.

The Biological Sciences Building is in the finishing stages and gradually is being turned over floor by floor to the various departments that will be occupying it. Most floors will be available for moving in before the end of the year; the floor expected to be finished last, the seventh floor of the Botany tower, should be available in March. Phase I of the building, housing Genetics and Zoology, is 99 per cent complete; Phase II, consisting of the centre wing, Botany tower and Botany wing, is 85 per cent complete; Phase IIA, the Microbiology section, and Phase III, the Psychology wing, are each 95 per cent complete. Construction schedules on all phases of the building were hampered seriously by the carpenters' strike last fall and are from nine months to a year behind.

The North Wing Addition to the Cameron Library also is very near completion (92 per cent finished) and is only slightly behind schedule. The basement and fourth and fifth floors have been inspected and accepted, and final inspection was to be made on the remaining floors by the end of October.

The addition to the Physical Education and Recreation Centre, begun in February, is progressing according to the contract schedule and should be complete by May, 1970, despite delays in the supply of construction materials.

The Central Academic Building, begun on August 12 by Christensen and MacDonald Construction Limited across from the Cameron Library, is 3 per cent finished. Excavation for the mechanical room areas is almost complete, the south wall grade beam has been poured and the west wall poured to first level and the forms removed. Unfortunately there were some delays because of problems of vibrations and soil conditions involving the driving of piles, but that work now is finished.

A temporary building for Student Health Services, begun September 17, is 20 per cent complete, and construction is progressing well within the schedule. The building should be finished by the end of November.

Car Park Number 1 is 38 per cent

complete. Begun in May, it was scheduled for completion November 10, but a variety of setbacks have necessitated the extension of the schedule to December 10. A second car park is in planning stages and tenders will be called for it in January.

Paving and grounds works, including work on roads and parking lots, soft landscaping, and irrigation, generally are progressing well and according to schedule. However, the wet weather has delayed work in certain areas, particularly around the Henry Marshall Tory Building and the Cooling Plant.

The deep tunnel sewers on the west end of the campus and in the University Hospital area by 87 Avenue and 112 Street are progressing satisfactorily and jointly are 45 per cent complete.

The contract for the Utilities Tunnel Phase IIA to be built from the South Power Plant to 114 Street just below 89 Avenue was awarded in September to Poole Construction Limited for a contract amount of \$974,779. Contract completion date is June 6, 1970.

Dirt removal is in progress and construction just started on the first addition to the Cooling Plant, which is expected to be finished in March.

The Law Centre, which will be in the vicinity of 111 Street and 89 Avenue, and the Basic Medical Sciences Building, on the northwest corner of the Health Sciences Centre, are both in the final planning stages. Tenders will be called for the Law Centre in mid-November and will close in mid-January. The University now is advertising for tenders for Basic Medical Sciences; closing date is December 18. Target costs for the two buildings are \$3,300,000 and \$7,200,000 respectively.

The Fine Arts Building, Education II, and Michener Park II are all in the second stage of planning, design development. The Michener Park expansion will be built north of the existing development at a target cost of \$4,925,000. The Fine Arts Building will be constructed in North Garneau at an expected cost of \$4,500,000. The Education Building will be erected adjacent to the existing structure for about \$5,000,000.

Campus construction projects in the schematic stage are the North Garneau Library, Engineering II, a second Chemistry Building adjacent to the existing one, Arts II to house the Humanities departments, and the North Garneau Food Services facility. Tenders will be called for all five buildings next year.

Finally, five more projects are in

preliminary planning stages: graduate student housing west of the old residences, with a roughly estimated target cost of \$4,000,000; Students' Union housing on 112 Street, at approximately \$3,000,000; a Business Administration and Commerce Building at about the same cost; a second Agriculture Building at \$3,000,000; and a second Household Economics Building at \$2,000,000.

All projects in the planning stages are in keeping with the Diamond/Myers Long Range Development Plan.

## PEOPLE

MARION D. JENKINSON, Professor of Elementary Education, was the keynote speaker at the annual workshop of the Early Childhood Education Council on October 4. Dr. Jenkinson has recently been elected as the first international affiliate of the National Council for Research in English. In September she was appointed a director of the Canadian Council for Teachers of English.

J. B. REDFORD, Professor and Director of the School of Rehabilitation Medicine, is one of the contributors to a new book in the Physical Medicine Library series, entitled *Arthritis & Physical Medicine*. Dr. Redford has written the section on classification of rheumatic diseases.

HAROLD B. BARCLAY, Associate Professor of Anthropology, presented an invited paper on "Rural to Urban Migration and the Political Process in the Middle East" at the Conference on Rural Politics and Social Change in the Middle East, held at Indiana University from October 22 to 24.

BRIAN J. SPROULE, Associate Professor of Medicine, was guest speaker and delivered a series of lectures at the First Annual Fall Refresher Course of the New Memorial University of Newfoundland, which was held from November 6 to 8.

ERIC H. PINNINGTON, Associate Professor of Physics, has been awarded a NATO Research Grant, totalling \$10,000 over three years, to permit a series of co-operative experiments involving physicists from the University of Lyons, France, the University of Arizona, and The University of Alberta.

MAX STEWART, Professor of Economics, conducted a course on Government and Business for 70 businessmen at the Banff School of Advanced Management from October 19 to 28.

Members of the Department of Chemical and Petroleum Engineering participated in the 19th Canadian Chemical Engineering Conference and 3rd Symposium on Catalysis,

held in Edmonton from October 19 to 22.

The Chairman of the Conference was D. B. ROBINSON and the Vice-Chairman was D. E. SEBORG; the Conference Committee included F. D. OTTO, R. K. WOOD, D. G. FISHER, and I. G. DALLA LANA; the Technical Session Chairmen were J. T. RYAN, F. D. OTTO, F. A. SEYER, and I. G. DALLA LANA; a Professional Development course on Computer Control was offered by D. G. FISHER; papers were presented by D. QUON, I. G. DALLA LANA, D. FLOCK, and P. DRANCHUK; and the keynote speaker was H. E. GUNNING, of the Department of Chemistry.

ROBERT S. PATTERSON, Associate Professor of Educational Foundations, attended the meetings of the Midwest History of Education Society in Chicago on October 24 and 25, where he presented a paper entitled "The Impact of American Progressive Education on Canada."

JOAN KIRKPATRICK, Professor of Elementary Education, presented two addresses to the Junior High School Teachers on "Using Materials in Teaching Junior High School Mathematics," at the annual meeting of the Nova Scotia Mathematics Teachers' Association in Truro, Nova Scotia on October 17 and 18.

"A Comparative Study of Reading Improvement Programs in Industry and Education in the United States and Canada" was the title of the paper presented by ALLEN BERGER, Associate Professor of Elementary Education, at the 12th annual meeting of the North Central Reading Association Conference in Flint, Michigan on November 1.

The annual conference and general meeting of the Canadian Service for Overseas Students and Trainees was held at Maison Montmorency, Quebec City from October 30 to November 2. Attending from The University of Alberta were R. C. W. HOOPER, Foreign Student Adviser; DAVID GUE, Foreign Student Adviser; S. R. MUNRO, English Language Service; DAVID OTHEN and PETER GRIMMETT representing the Graduate Students' Association and WILFRED KETTLE representing the Students' Union.

Two days of the conference were devoted to workshop sessions on the problems of foreign students. Workshops on the problems of reception and orientation and the language problems of foreign students were conducted by Major Hooper and Mr. Munro respectively.

Major Hooper was re-elected to the Board of Directors and appointed to the Executive Committee. Also elected to the

## This week and next

Listings of events which may interest University staff members must reach the Editor by 9 a.m. the Friday prior to publication. Written notification is preferred. Compiled by GILLIAN BUTLER, 432-4991.

### 14 NOVEMBER, FRIDAY

- Student Cinema* 7 and 9 p.m., 2nd floor, Henry Marshall Tory Building. *The Magnificent Men and Their Flying Machines.*
- Masquerade Ball* 8:30 p.m. - 1:30 a.m., Lister Hall. Royal Overseas League "Madame de Pompadour" masquerade ball.
- Philosophy Club Lecture* 4 p.m., Room 13-15, Henry Marshall Tory Building. DONALD F. HENZE, Professor of Philosophy, San Fernando Valley State College. "Descartes and Other Minds." Visitors welcome.
- SUB Art Gallery* Until 22 November. Exhibition of Eskimo sculpture and stone cut prints.
- Bears Basketball* 8:30 p.m., Main Gymnasium, versus The University of Lethbridge.

### 15 NOVEMBER, SATURDAY

- Canadian History Conference* Lister Hall. Sponsored by the Department of History.
- Bears Basketball* 7 p.m., Main Gymnasium, versus The University of Calgary.
- Bears Hockey* 9 p.m., Varsity Rink, versus the Canadian National Team.

### 17 NOVEMBER, MONDAY

- SUB Art Gallery* Until 28 November. Concrete Poetry. Organized by STEPHEN SCOBIE, Department of English.
- Edmonton Film Society* 8:15 p.m., Jubilee Auditorium. *Het Gangstermeisje* (Gangster Girl). Directed by Franz Weisz. Netherlands, 1967. Main series. English sub-titles.
- Comparative Literature Lecture* 8:30 p.m., Room LB-2, Henry Marshall Tory Building. ULRICH WEISSTEIN. "The Other Arts in Twentieth-Century Literature."

### 18 NOVEMBER, TUESDAY

- SUB Art Gallery* 8 p.m., Students' Union Theatre. Experimental Film from "Intermedia" of Vancouver.
- Wind Ensemble Concert* 8:30 p.m., Convocation Hall, Arts Building. Directed by JOHN ILTIS, Assistant Professor of Music.

### 20 NOVEMBER, THURSDAY

- Mathematics Colloquium* 4 p.m., Room 262, Campus Tower. WILLIAM SCOTT, Professor of Mathematics, University of Utah, Salt Lake City. "Products of Abelian Subgroups."
- Poetry Conference* Until 22 November. Registration 9 a.m., Thursday. "Poet and Critic '69."

### Humanities Association

8 p.m., Room LB-2, Henry Marshall Tory Building. Albert Comanor, Visiting Professor, School of Social Welfare, The University of Calgary. "Social Science and Social Consciousness."

### SUB Art Gallery

8 p.m. Poetry Anti Conference. An open evening of participation in the arts.

### 21 NOVEMBER, FRIDAY

- Student Cinema* 7 and 9 p.m., Students' Union Theatre. *Zorba the Greek.*
- Faculty Women's Club* 8:30 p.m. - 1:30 a.m., Lister Hall. Faculty Women's Club Second Annual Winter Ball.
- Studio Theatre* Until 29 November. 8:30 p.m., Monday-Saturday, and 2:30 p.m., Saturday. *Let's Murder Clytemnestra According to the Principles of Marshall McLuhan.* By WILFRED WATSON, directed by BERNARD ENGEL.

### 22 NOVEMBER, SATURDAY

- Bears Basketball* 8:30 p.m., Main Gymnasium, versus the University of Saskatchewan, Saskatoon.

### 24 NOVEMBER, MONDAY

- General Faculty Council Meeting* 2 p.m., Council Chambers, University Hall. Tickets to the gallery must be obtained in advance from A. L. DARLING.
- Blood Donor Clinic* Until 5 December. 10 a.m. - 1 p.m., and 3 p.m. - 5:30 p.m., Monday-Friday, Students' Union Building.
- Bears Basketball* 8:30 p.m., Main Gymnasium, versus the University of Saskatchewan, Regina campus.
- Students' Union Teach-in* And 25 November. "The American Domination of Canada." Students' Union Building.
- Edmonton Film Society* 7:30 p.m., Room TL-11, Henry Marshall Tory Building. *The Cabinet of Doctor Caligari.* Directed by ROBERT WIENE. Germany, 1919. *Village of the Damned.* Directed by WOLFRILLA. Britain, 1960. Classic Horror and Comedy Series.

### 26 NOVEMBER, WEDNESDAY

- Computing Science Colloquium* 4 p.m., Room 669, General Services Building. JOYCE FRIEDMAN, Department of Computer and Communication Sciences, University of Michigan. "A Computer System for Transformational Grammar."

### 28 NOVEMBER, FRIDAY

- Bears Hockey* 8:30 p.m., Varsity Rink, versus The University of Calgary.
- Student Cinema* 7 and 9 p.m., Students' Union Theatre. *A Fistful of Dollars.*

### 30 NOVEMBER, SUNDAY

- Department of Music Concert* 8:30 p.m., Convocation Hall, Arts Building. CLAUDE KENNESON, Associate Professor of Music, and SYLVIA HUNTER, Administrative Assistant, Department of Music. Admission is free.

(Continued from page two)

Board were Professor Munro and David Othen. A University of Alberta student now on exchange to Acadia University, ROBERT KELLY, also was elected to the Board. The heavy representation of The University of Alberta on the Board is a reflection of the leadership shown by this University in the work of the organization.

The first Canadian Symposium on Psycho Motor Learning and Sports Psychology was held during October 14 and 15 at The University of Alberta. Special guest speakers were G. S. KENYON of the University of Wisconsin and M. I. POSNER of the University of Oregon. As a result of the Symposium a national committee of the Canadian Association for Health, Physical Education and Recreation on Psycho Motor Learning and Sports Psychology was formed. R. B. WILBERG of the Faculty of Physical Education was elected chairman.

### WIND ENSEMBLE CONCERT

The newly formed University of Alberta Wind Ensemble will present the first in a series of three public concerts on Tuesday, November 18 at 8:30 p.m. in Convocation Hall. The group of 40 select wind and percussion players is sponsored by the Department of Music and dedicated to the performance of advanced contemporary wind literature. The group is conducted by JOHN ILTIS, Assistant Professor of Music.

The first program will feature works by Gordon Jacob, Vittorio Gianinni, Houston Bright, Henry Cowell, and Robert Russell Bennett. Admission is free.

### COMPARATIVE LITERATURE LECTURE

ULRICH WEISSTEIN will deliver a lecture entitled "The Other Arts in Twentieth Century Literature" on Monday, November 17 at 8:30 p.m. in Room TLB-2, the Henry Marshall Tory Building.

Dr. Weisstein is Professor of German and Comparative Literature at Indiana University and the director of a research centre for the International Comparative Literature Association. A noted author in fields of modern and comparative literature and a translator from German, he is also an editor of the *Yearbook of Comparative and General Literature*, the Twayne World Authors series, and the Pegasus Publishing Company.

The lecture is sponsored by the Department of Comparative Literature.

### ROMAN ARCHAEOLOGY LECTURE

J. WARD-PERKINS will deliver a lecture entitled "The Roman Architect at Work" on Friday, November 21 at 8:30 p.m. in Room TLB-2, the Henry Marshall Tory Building.

Professor Ward-Perkins, Director of the British School in Rome, is considered one of the central figures in Roman archaeology in the world today, and has published widely in the field. He has directed excavations at sites in Britain, Italy, North Africa, and Turkey.

The lecture will deal specifically with the building of Leptis Magna in northern Libya, one of the best preserved Roman towns, an excavation on which Professor Ward-Perkins has worked.

The lecture is sponsored by the Department of Classics. Professor Ward-Perkins will be in Edmonton to receive an honorary Doctor of Laws from the University.

### HIGH SCHOOL ENRICHMENT PROGRAM

More than 80 academic staff members are participating in the High School Enrichment program for 1969-70. The program, organized by the Department of Extension, is presenting 18 courses to some 700 high school students from the

Edmonton district (last year, seven courses were offered to 475 students).

The program was begun in 1960 to bring promising high school students recommended by their schools to the campus for an introductory course in a field of special interest and to introduce them to University staff and teaching methods. Some of the courses offered this year are "Biological Conservation—What Kind of Canada," "The Classical World," "Selected Topics in Climatology and Weather," "General Principles of Drug Action," "Variety in History," "The Study of Language," "Dreams and Nightmares in Materials Science," "Realignment for Living Soil Science," and "Introductory Law for High School Students." Each course consists of two to seven weekly evening classes.

This year the program is being offered in November and early December rather than after Christmas as in previous years.

### REVISION OF UNIVERSITY TELEPHONE DIRECTORY

Revision of the staff section of The University of Alberta Directory is now underway. A blue correction form has been mailed to each person presently listed, and extra forms for new entries have been sent to each department office. Staff members are asked to return these forms to the Publications Office by November 17, 1969. It will be assumed that if the form is not returned the entry is to be deleted.

### PERSONAL NOTICES

*Staff members may forward notices to reach the Editor by 9 a.m. the Friday prior to publication. They must be typed, and not exceed 35 words including heading. Advertisements received will be published at the Editor's discretion.*

FOR RENT—Unfurnished third-floor bachelor suite. 7941 - 82 Avenue. On bus route. Available December 1. 439-3976. After 4 p.m., please call 466-6728 or 466-9248.
